CPAs & BUSINESS ADVISORS

December 21, 2022

To the Audit Oversight Committee, Board of Supervisors, and Auditor-Controller County of Orange, California

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Orange, California (County), and the financial statements of the County of Orange Redevelopment Successor Agency, OC Waste & Recycling and John Wayne Airport as of and for the year ended June 30, 2022, and have issued our reports thereon dated as indicated below:

| <u>Report</u> | Audit Report Date |
|---|-------------------|
| County of Orange | December 21, 2022 |
| County of Orange Redevelopment Successor Agency | December 20, 2022 |
| OC Waste & Recycling | December 16, 2022 |
| John Wayne Airport | December 16, 2022 |

We are currently performing the audit of the County's federal award programs (Single Audit) and anticipate issuing our reports thereon prior to March 31, 2023.

We did not audit the financial statements of the Orange County Health Authority, a Public Agency/dba Orange Prevention and Treatment Integrated Medical Assistance (CalOptima) and the Orange County Employees Retirement System (OCERS), which are included as a discretely presented component unit and a fiduciary component unit, respectively, in the County's basic financial statements. Those statements were audited by other auditors as stated in our report on the County's basic financial statements. This communication does not include the results of the audits of CalOptima and OCERS.

We did audit the Children and Families Commission of Orange County (CFCOC), which is included as a discretely presented component unit in the County's basic financial statements. Separately issued audit reports and communication were issued directly to the CFCOC. Accordingly, this communication does not include the results of the audit of CFCOC.

Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit under Generally Accepted Auditing Standards and *Government Auditing Standards* and our Compliance Audit under the Uniform Guidance

As communicated in our letter dated July 15, 2022, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America and to express an opinion on whether the County complied with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs. Our audit of the financial statements and major program compliance does not relieve you or management of its respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the County solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our comments regarding internal controls during our audit in our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* dated December 21, 2022.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and other firms utilized in the engagement, if applicable, have complied with all relevant ethical requirements regarding independence.

Qualitative Aspects of the Entity's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the County is included in Note 1 to the financial statements. On July 1, 2021, the County adopted GASB Statement No. 87, *Leases*, and have restated opening balances as described in Note 2 of the financial statements. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements are:

- Landfill closure and postclosure care liabilities are based on management's analysis of landfill capacity used and total closure and postclosure costs, as well as the landfill maximum capacity;
- Pollution remediation obligations are based on management's analysis of remediation time periods, type of remediation needed and historical trend data;
- Net pension and net other postemployment benefits (OPEB) liabilities, disclosures, related deferred inflows/outflows of resources, and expenses are based on actuarial valuations which include assumptions adopted by the Orange County Employees Retirement System (OCERS) and the County; and
- Self-insurance claims liabilities are based on actuarial studies performed by the County's independent actuaries.

We evaluated the key factors and assumptions used to develop these estimates and determined that they were reasonable in relation to the basic financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the County's financial statements relate to:

- Pension and OPEB liabilities in Notes 18 and 19, respectively, are sensitive to the underlying actuarial assumptions used including, but not limited to, the investment rate of return and discount rate. As disclosed in Notes 18 and 19, a 1% increase or decrease in the discount rate has a material effect on the Pension and OPEB liabilities.
- Estimated liabilities for self-insurance claims in Note 16 are based on actuarial valuations.
- Landfill closure and postclosure, and pollution remediation in Notes 14 and 17, respectively, are based on management's analysis.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. There were no uncorrected or corrected misstatements identified as a result of our audit procedures.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Circumstances that Affect the Form and Content of the Auditor's Report

For purposes of this letter, professional standards require that we communicate any circumstances that affect the form and content of our auditor's report. As described in Note 2 to the financial statements, due to the adoption of GASB Statement No 87, *Leases*, the County restated opening balances as of July 1, 2021. We have included an emphasis of matter in our report regarding this restatement.

Representations Requested from Management

We have requested certain written representations from management which are included in the management representation letter dated as follow:

| County of Orange | December 21, 2022 |
|---|-------------------|
| County of Orange Redevelopment Successor Agency | December 20, 2022 |
| OC Waste & Recycling | December 16, 2022 |
| John Wayne Airport | December 16, 2022 |

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the County, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, operating conditions affecting the entity, and operating plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the County's auditors.

Other Information Included in Annual Reports

Pursuant to professional standards, our responsibility as auditors for other information, whether financial or nonfinancial, included in County's annual reports does not extend beyond the financial information identified in the audit report, and we are not required to perform any procedures to corroborate such other information. However, in accordance with such standards, we have read the other information and considered whether such information, or the manner of its presentation, was materially inconsistent with its presentation in the financial statements.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

Group Audits

The County's financial statements include the financial activity of the Orange County Flood Control District, a blended component unit, which was audited as a major fund. The County's financial statements include the activity of OCERS, a fiduciary component unit, and CalOptima, a discretely presented component unit, which was audited by others as described previously. The County's financial statements include the activity of CFCOC, a discretely presented component unit, with separately issued reports as described previously. The County's financial statements also include the financial activity of the following blended component units:

- Orange County Housing Authority
- Orange County Public Financing Authority
- South Orange County Public Financing Authority
- Capital Facilities Development Corporation
- Orange County Public Facilities Corporation
- County Service Areas, Special Assessment Districts, and Community Facilities Districts
- In-Home Supportive Services (IHSS) Public Authority

For the purposes of our audit, we do not consider these blended or discretely presented component units to be significant components of the County's financial statements. However, we do consider the OCERS fiduciary component unit to be a significant component of the County's financial statements.

Our audit included obtaining an understanding of these component units and their environment, including internal control, sufficient to assess the risks of material misstatement of the financial activity of the component units and completion of further audit procedures.

This report is intended solely for the information and use of the Audit Oversight Committee, Board of Supervisors, and management of the County and is not intended to be, and should not be, used by anyone other than these specified parties.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Supervisors County of Orange, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Orange, California (County), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated December 21, 2022. Our report includes a reference to other auditors who audited the financial statements of the Orange County Health Authority, a Public Agency/dba Orange Prevention and Treatment Integrated Medical Assistance (CalOptima) and the Orange County Employees Retirement System (OCERS), as described in our report on the County's financial statements. This report does not include the results of the other auditor's testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. Our report also includes an emphasis of matter regarding the County's adoption of Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*, effective July 1, 2021.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CPAs & BUSINESS ADVISORS

To the Board of Supervisors and Management County of Orange, California

In planning and performing our audit of the financial statements of the County of Orange, California (County), as of and for the year ended June 30, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered the County's internal control over financial reporting (internal control) as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

We have issued our Report on Internal Control Over Financial Reporting and on Compliance, in accordance with *Government Auditing Standards*, dated December 21, 2022. This letter does not affect our report dated December 21, 2022, on the financial statements of the County.

During our audit we noted certain matters involving internal control and other operational matters that are presented for your consideration. These comments and recommendations, all of which have been discussed with the appropriate members of management, are intended to improve internal control or result in other operating efficiencies and are summarized as follows:

ACCOUNTING POLICIES AND PROCEDURES

OBSERVATION:

The implementation of new accounting policies requires management to evaluate how the necessary information may be captured from operations, the impact to the chart of accounts, changes to information systems, and the reporting of financial and non-financial information in annual reports. Further, changes and procedures should be updated to ensure that the data is captured consistently.

With the implementation of GASB 87, *Leases*, the Auditor-Controller's Office developed formal policies and procedures, established a written plan, and implemented the accounting pronouncement for the fiscal year ended June 30, 2022.

Concurrently with the year-end audit testing, the County's management was coordinating revisions and updates to financial and non-financial elements of the County and standalone financial statements including, but not limited to, financial statement presentation and note disclosures for leases. Such situations may be necessary, but increase the risk of material misstatement.

RECOMMENDATION:

We recommend the County update/formalize its accounting procedures for changes that occurred during the year-end closing. In addition, these procedures should be evaluated for consideration of the upcoming implementations of GASB 94, *Public-Private And Public-Public Partnerships And Availability Payment Arrangements*, and GASB 96, *Subscription-Based Information Technology Arrangements*.

NEW FINANCIAL REPORTING STANDARDS

INFORMATIONAL ONLY

GOVERNMENTAL ACCOUNTING STANDARDS BOARD STATEMENT No. 91

GASB Statement No. 91 – In May 2019, GASB issued Statement No. 91, *Conduit Debt Obligations*. The objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement is effective for reporting periods beginning after December 15, 2021.

GOVERNMENTAL ACCOUNTING STANDARDS BOARD STATEMENT No. 94

GASB Statement No. 94 – In March 2020, the GASB issued Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*. The objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). The Statement is effective for reporting periods beginning after June 15, 2022.

GOVERNMENTAL ACCOUNTING STANDARDS BOARD STATEMENT No. 96

GASB Statement No. 96 – In May 2020, the GASB issued Statement No. 96, *Subscription-based Information Technology Arrangements*. The objective of this Statement is to provide guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). The Statement is effective for reporting periods beginning after June 15, 2022.

GOVERNMENTAL ACCOUNTING STANDARDS BOARD STATEMENT No. 99

GASB Statement No. 99 – In April 2022, the GASB issued Statement No. 99, *Omnibus 2022*. The objective of this Statement is to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of other GASB statements, and (2) adding accounting and financial reporting guidance for financial guarantees. Certain requirement related to the leases, PPPs, and SBITAs, are effective for reporting periods beginning after June 15, 2022, while the requirements related to the financial guarantees and the classification and reporting of certain derivatives are effective for periods beginning after June 13, 2023.

GOVERNMENTAL ACCOUNTING STANDARDS BOARD STATEMENT No. 100

GASB Statement No. 100 – In June 2022, the GASB issued Statement No. 100, *Accounting Changes and Error Corrections-an amendment of GASB Statement No. 62*. This Statement improves accounting and financial reporting requirements for accounting changes and errors corrections to provide more understandable, reliable, relevant, consistent, and comparable information. It also requires the display of note disclosures of the accounting change and error corrections. The requirements of this statement are effective for reporting periods after June 15, 2023.

2

GOVERNMENTAL ACCOUNTING STANDARDS BOARD STATEMENT No. 101

GASB Statement No. 101 – In June 2022, the GASB issued Statement No. 98, *Compensated Absences*. The primary objective is to update the recognition and measurement guidance for compensated absences. This is achieved by a unified model and amends certain previously required disclosures. The requirements of this statement are effective for reporting periods after December 15, 2023.

Our audit procedures are designed primarily to enable us to form an opinion on the financial statements, and therefore may not bring to light all weaknesses in policies or procedures that may exist. We aim, however, to use our knowledge of the County gained during our work to make comments and suggestions that we hope will be useful to you.

We would be pleased to discuss these comments and recommendations with you at any time.

This report is intended solely for the information and use of the Board of Supervisors, management, and others within the organization and is not intended to be and should not be used by anyone other than these specified parties.

EXECUTIVE SUMMARY INTERNAL AUDIT REPORTS FOR THE QUARTER ENDED DECEMBER 31, 2022

OC POWER AUTHORITY

1. Orange County Power Authority Limited Business Process and Withdrawal Cost Review Audit No. 2208-A dated December 14, 2022

| | Brow To | ENDINGS |
|--|--|--|
| OBJECTIVES 1. To identify the amount of the County's responsibility if the County were to provide 180-day notice to withdraw from OCPA. The potential withdrawal cost includes any liabilities attributable to the County through the effective date of its withdrawal, actual costs or damages incurred by OCPA as a direct result of the County's withdrawal, or costs or obligations associated with the County's participation in a particular program. | RESULTS OCPA indicated they were unable to provide a specific withdrawal cost amount due to various unknown factors, but did provide a maximum withdrawal cost amount. | FINDINGS OCPA estimated a maximum withdrawal cost amount that would likely be applicable if the County withdrew as of November 18, 2022 to be approximately \$65 million, with approximately 96% of that amount (\$62.77 million) attributed to the County's share of energy purchase costs. OCPA is required to mitigate any costs or obligations incurred by a withdrawing party, including selling off the \$62.77 million in excess energy. |
| 2. Determine whether OCPA's internal control over the non-energy contracting process is effective to ensure the procurement of services are executed in accordance with OCPA's policies and procedures, adequately supported, and properly authorized. | We noted opportunities for OCPA to strengthen their contracting process in the areas of policies and procedures, solicitations, Board notification, requisitions, and cost/pricing details. | Contracts between \$10,000 and \$125,000 require no formal bidding. Comparatively, Orange County's contracting policy requires formal written solicitations for all service contracts over \$50,000 and at least one written quote/proposal for all service contracts. OCPA's policy and procedures include a provision that allows the CEO, after consultation with the General Counsel, to waive one or more purchasing procedures in their policies and/or use sole source procurement if the CEO determines the best interests of OCPA are served. This provision gives the CEO subjective discretion to procure services bypassing OCPA's purchasing requirements. OCPA did not provide documentation to support the vendor selection for three (60%) contracts or documentation to support that informal solicitations were conducted for two (40%) contracts. |

| | Two (40%) contracts were valued at exactly \$125,000, just under the threshold for formal solicitation and Board approval requirements. We noted both contracts were solicited under the same Request for Qualifications (RFQ) and, as a result, were for the same strategic marketing, branding, and public relations services. While the RFQ acknowledges that OCPA reserved the right to select more than one vendor, since the combined contracts |
|---|---|
| | totaled \$250,000, double the OCPA CEO's authority for entering into contracts, OCPA Board approval should have been obtained. In addition, we noted OCPA did not maintain documentation to support the vendor selection for both contracts. |
| | • None of the 11 contracts between \$50,000 and \$125,000 during our sample period were appropriately reported to the OCPA Board at their next regularly scheduled meeting, as required. |
| | • Nine contracts reviewed were not supported by a purchase requisition. |
| | • Two contracts did not include a not-to-exceed or maximum obligation amount and five contracts did not include specific costing/pricing details. |
| y related, and OCPA ney could not provide us rting documentation (e.g., equisitions, invoices) due market information. As a vere unable to evaluate e payments were | For the remaining 14 non-power disbursements totaling \$846,299 (4%): Thirteen disbursements (93%) totaling \$827,479 were not supported by a purchase requisition. As a result, we could not evaluate if there was authority to pay or adequate segregation of purchasing duties. One disbursement (7%) totaling \$250,000 in the form of a manual |

| | | | • OCPA does not require large checks (i.e., over a certain amount) to be counter-signed by senior management. It is a common practice for checks greater than a certain amount to be counter-signed. |
| 4. | Determine whether OCPA's employees were hired in accordance with OCPA policy and procedures. | While OCPA provided job postings, we were unable to evaluate OCPA's hiring process because OCPA indicated they could not provide job application information or background screening results due to privacy laws. In addition, OCPA indicated they did not retain interview documentation for two (67%) of the three employees reviewed. | We could not evaluate whether OCPA employees were hired in accordance with OCPA policy and procedures because OCPA indicated they could not provide job application information or background screening results due to privacy laws. |

OC WASTE & RECYCLING

2. Orange County Waste & Recycling Franchise Contract Review – Waste Management Audit No. 2172 dated December 28, 2022 for the six months ended December 2021

| OBJECTIVE | RESULTS | FINDINGS |
|---|---|--|
| To validate that service rates charged were in conformance with the franchise agreement (contract) between OCWR and Waste Management. | The customer information, charged amounts, and service periods in the franchisee's billing listing matched the actual invoices. However, we noted instances where customers were charged for certain service fees that were not included in or were not in compliance with the County contract. | The franchisee charged customers fees totaling \$13,297 that were not in the contract or approved by the OCWR Director. We noted instances where the franchisee billed manure collection fees inconsistently or incorrectly for customers with the same configuration. For example, one customer was charged \$84 more than another customer with the same configuration. We also noted three customers were overcharged \$246 for fees that exceeded contracted rates. |

Footnotes

1. The mission of the Internal Audit Department (IA) is to provide highly reliable, independent, objective evaluations and business and financial consulting services to the Board of Supervisors (Board) and County management to assist them with their important business and financial decisions. The director of Internal Audit shall report directly to the Board and be advised by the Audit Oversight Committee (AOC) designated by the Board. The director of Internal Audit and staff shall have complete and unrestricted access to all of the County's financial records, files, information systems, personnel, and properties, except where prohibited by law. The AOC is an advisory committee to the Board and provides oversight of IA and other County audit functions. The scope of IA shall include reviews of the reliability and integrity of financial, compliance, property, and business systems, and may include appraising the efficiency of operations and the achievement of business and program goals and objectives.

2. IA generates several different types of reports including audit reports, summary reports, and status reports. In addition, IA undertakes several different projects including audits of lessee compliance with County contracts, and audits of IT controls. IA also serves the AOC by providing clerk services (meeting agenda preparation, minutes, etc.) and by preparing summary reports.

3. The annual Audit Plan is subject to change for such events where the director of Internal Audit or Board majority assesses it is warranted, to substitute, postpone, or cancel a scheduled audit due to timing, priority, resource, or risk considerations. Such modifications will be noted in the Status column of this Quarterly Status Report for review by the AOC. The acceptance of the Quarterly Status Report by the AOC authorizes both the content herein and any changes noted. During the course of the year, the director of Internal Audit has discretion to research issues of interest to members of the Board, AOC, or County management and provide them with Technical Assistance. When charged, these projects will be directed either to advisory services or to a separate project. Assistance of this nature generally involves between 10 and 80 hours and results are generally communicated through discussions, memos, or a written report for public distribution.

4. For purposes regarding fiscal year-end reporting, we consider assignments completed (Completed) as of the official release of an audit report to the department head, and are shown as such in our Status column of this Quarterly Status Report.

5. The initial FY 2022-23 Annual Audit Plan of 12,600 hours is based on 9,300 direct hours to be provided by seven senior audit manager II, and one senior audit manager plus 1,640 hours for other activities and administration/special projects and 1,660 hours reserved for Board directives/contingency. The direct hours exclude time charges for vacation, sick leave, holidays, training, administrative time, and other time not directly charged to an engagement.

From: Aggie Alonso, CPA, CIA, CRMA Internal Audit Department Director

Subject: External Audit Activity Status Report for the Quarter Ended December 31, 2022

Attached for your review and approval is our External Audit Activity Status Report for the Quarter ended December 31, 2022. Pursuant to Audit Oversight Committee (AOC) Administrative Procedure Number 2, Reporting on External Audits, County departments are required to communicate the status of all third-party audits, including any significant audit findings identified, to Internal Audit on a quarterly basis. The procedure was established to keep the AOC informed of all third-party audits being performed and any significant findings identified. In addition, as requested by the AOC at its May 9, 2019 meeting, we have included County department-reported corrective action taken to implement recommendations related to significant audit findings identified.

To facilitate the AOC's review, we are pleased to include an Executive Summary (Attachment B) that presents the total audit additions and deletions from the prior quarter, and the total current audits in process. In addition, the Executive Summary references any new significant findings and provides a summary of any material issues reported for the quarter. For individual report details, see Attachment C. Finally, for corrective action taken to implement recommendations, see Attachment D.

For the quarter ended December 31, 2022, no new material issues were reported.

If you have any questions, please contact me at 714.834.5442, or Senior Audit Manager Michael Dean at 714.834.4101.

Attachment A – Implementation for GASB Statement 96

GASB Statement 96

Subscription-Based Information Technology Arrangements (SBITAs)

Auditor-Controller / General Accounting February 2023

GASB Statement 96 Overview

- Purpose: provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government users.
- Requires governments with subscription-based technology arrangements to recognize a right-to-use subscription asset — an intangible asset — and a corresponding subscription liability.
- Timing of Implementation: July 1st, 2022 for FY 2022-23 ACFR

GASB Statement 96 Overview (cont'd)

SBITA Definition

A contract that <u>conveys control</u> of the right to use another entity's **IT software**, alone or in combination with tangible capital assets, as specified in the contract for a period of time in an exchange or exchange-like transaction.

Convey control means:

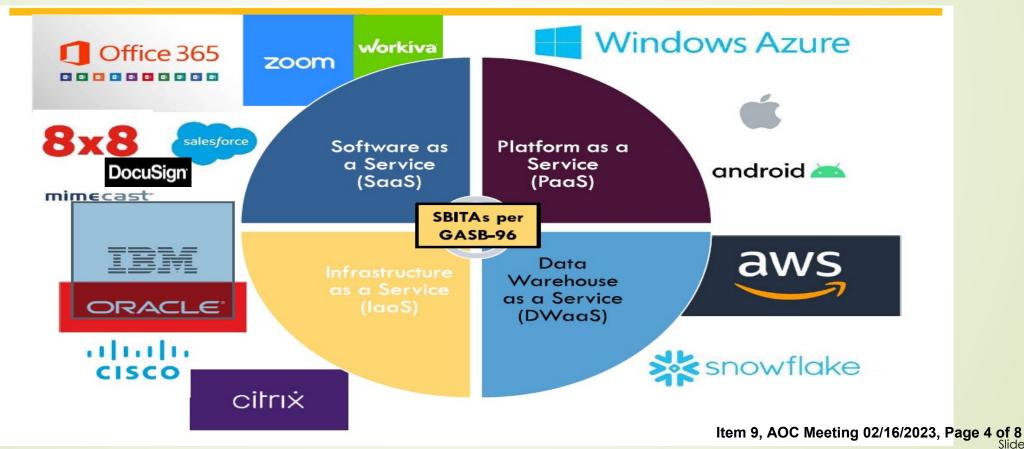

The right to obtain the present capacity from use of the asset as specified in the contract, and

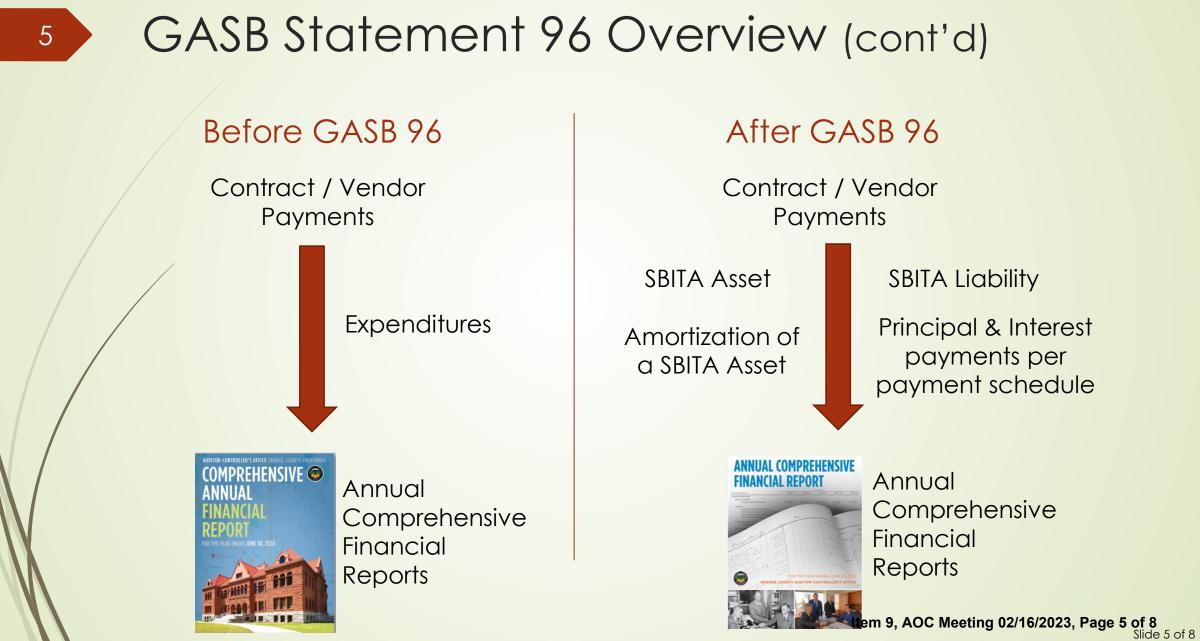

The right to determine the nature and manner of use.

Exchange or exchange-like transaction means that each party in the transaction receives or gives up something of approximately equal value.

GASB Statement 96 Overview (cont'd)

Common Examples of SBITAs include software as a service, platform as a service, infrastructure as a service, and data warehouse as a service.

GASB 96 Implementation Plan

Communication and Training

- A-C General Accounting Capital Assets Section oversaw the implementation of GASB 96, similarly to GASB 87 "Leases"
- GASB 96 Presentation to FMF Managers
- Department training provided by A-C General Accounting Capital Assets Section
- New Chart of Accounts Elements established to track, record, and monitor GASB 96 SBITAs

Compile an Inventory of SBITA Contracts

- Surveyed County departments April 2022 to obtain additional contract information and to capture additional SBITA contracts
- A-C reviewed survey responses to determine if contracts fall under the scope of GASB 96
- An inventory of SBITA contracts was created
- GASB 96 payment schedules were prepared and sent to departments for review and approval

GASB 96 Implementation Plan (cont'd)

Accounting Lease Software

- A-C is in final development stage of a Database to store all GASB 87 leases and GASB 96 SBITAs
- Database will maintain information on all lease contracts, calculate the present value of future payments, prepare payment and amortization schedules for each lease and SBITA contract
- Database will provide reports and data for accounting entries in CAPS+ and for the preparation of Financial Statements, notes and disclosures
- Ongoing monitoring of existing and new contracts
 - GASB 96 survey ongoing annual survey
 - o New SBITA Reporting form, SBITA Modification Reporting form

Summary

The Quarterly OC Information Technology (OCIT) Project Progress Report provides the status of all County IT projects with a budget of \$150,000 or more and/or that have been identified as meriting the Board of Supervisors' attention.

The IT projects included in this report reflect the County's ongoing commitment to align IT with the County's business values. Projects included in the portfolio cover the upgrade or replacement of aging infrastructure and end-of-life systems and investment in new, innovative, and reliable technology and platforms. These projects also enhance the County's ability to maintain critical business operations, improve productivity, and deliver more and better services to constituents.

In addition to project status updates, this report also describes the County's IT overall project performance trends over the last 12 quarters.

At a Glance

The number of projects in this reporting period is 11, one more than the number of projects reported in the previous quarter. One project was completed last quarter and two new projects were added this quarter. The total budget decreased from \$29,079,496 to \$27,931,767.

Key Accomplishments

Two projects were completed in FY22-23 Q1: Property Tax System (PTS) and OC TIME Implementation. Both projects were managed by Auditor-Controller.

Portfolio Performance

The charts below depict the County's IT project portfolio schedule and budget performance of the active and completed projects during the reporting period.

During this reporting period, five projects are experiencing schedule delays, and no projects exceed their budget.

Vendor and internal resource availability and product quality issues are the primary contributors to project schedule delays.
