Internal Audit Department

COUNTY OF ORANGE

CAAT Program: This report details the monthly activity and findings from establishing Computer-Assisted Auditing Techniques (known by the acronym CAAT) as part of our information technology audit coverage. We are using a proprietary, state-of-the-art/best practices and industry recognized software product to help us in this process. We are keeping the details of our process and the vulnerabilities identified to a general discussion because of the risks associated with disclosing specific details of our financial and accounting processes.

The CAAT is a continuing and evolving audit process with the goal of developing a toolset of computer-routines and techniques that will analyze patterns in the individual data elements of the County's financial data. The resulting data/exceptions will be subjected to further review, analysis validation, recovery and evaluation of internal control enhancements whose purpose is to prevent future occurrences of the findings identified by the CAAT process.

1. **CAAT Performed:** **Duplicate Payments.** We used a CAAT to identify potential duplicate payments made during September 2003.

Results: Eight potential duplicate payments were identified in the September 2003 data. We provided details for these matches to A-C/Claims and Disbursing.

The table below summarizes the duplicate payment activity to date:

CAAT Report	Total		Not Duplicates		Recovered		In Process

Background: This CAAT concentrates on a sub-set of vendor invoices paid by the County possessing certain common attributes. The CAAT reviews the attributes and highlights potential duplicate payments for further review and verification. During the month of October 2003, a total of 17,599 invoices

for \$139,500,521 were added to this data sub-set representing September 2003 transactions.

Currently, the data sub-set includes a total of 772,610 invoices totaling \$5,533,594,123. The total data file that the sub-set is derived from includes 3,146,994 records totaling \$9,229,911,942.

2. CAAT Performed: **Employee/Vendor Match.** We used several CAATs to identify employees that are closely linked to a vendor as a result of sharing a similar address or tax id number.

Status: Internal Audit met with CEO/HR to discuss and finalize the current employee/vendor match dispositions. During the next several weeks, Internal Audit will be working with CEO/HR to standardize the communication and reporting procedures for this and future employee/vendor CAAT reviews. CEO/HR dispositions will be reported in next month's CAAT report.

The table below tracks the employee/vendor matches currently being reviewed.

CAAT Report Month	Data Matches	Adjustments by Audit	Submitted to CEO/HR	CEO/HR Disposition Not a Problem	Action Taken
November 2002	178	(140)	38		
April 2003	12	(4)	8		
TOTAL			46		

3. CAAT Performed: **Retiree/Extra Help Hours.** We used a CAAT to identify retirees working as extra help for more than 960 hours (maximum allowed) during fiscal year 02-03.

Status: We verified that CEO/HR has begun generating a report every pay period that identifies retirees working by department and the cumulative number of hours worked by each retiree. Because CEO/HR has begun this monitoring, we will not run this routine every month, but rather periodically such as in the 3rd and 4th quarter of FY 03-04.

4. CAAT Performed: **Direct Deposits.** We used a CAAT application to review for multiple employee paychecks that are directly deposited to the same bank account.

Results: This CAAT was applied in October 2003 with no irregular deposit activity identified.

5. CAAT Performed: **Deleted Vendors.** We used a CAAT to identify Vendors that have been deleted or removed from the Vendor Master List.

Results: This CAAT was applied in October 2003 with no significant findings.
