INTERNAL AUDITOR'S REPORT

Report No. 2444

October 13, 2004

Paula Burrier-Lund, Director
Housing & Community Services Department
1770 North Broadway
Santa Ana, CA 92706

The Internal Audit Department facilitated three Control Self-Assessment (CSA) workshops in the Housing & Community Services Department. One workshop was comprised of staff and management from the Special Programs Division. Two workshops were comprised of staff and management from the Office on Aging.

After each workshop, we provided the participants with workshop summaries showing their perceived strengths and concerns. As part of the process, team members worked with their management to prepare an internal action plan to address the issues brought forward during the workshop. We received copies of action plans from the workshops, which included items that had been initiated, planned, or were under development to address their issues.

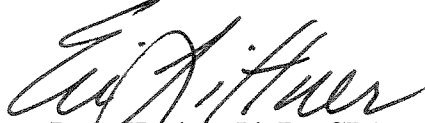

Following each workshop, facilitators ask participant teams to evaluate the CSA process by anonymously voting on five standard quality assurance statements. The participants reflected high ratings for the CSA process and their individual workshops as indicated by their voting. The average scores from the 32 participants evaluating the CSA process are shown below.

The participants vote by selecting a numerical rating from a scale of 1 through 7. A score of 7 indicates the participants strongly agree with the statement. A score of 4 indicates they neither agree nor disagree. And a score of 1 indicates the participants strongly disagree with the statement.
